# ANIMAL RESEARCH REPORT: THE EAGLE

My animal is an eagle.

It is a bird.

Its habitat is the forest, near lakes or rivers.

It eats fish, little mammals and carrion.

It has got black or brown body with white head.

It moves by flying.

Some interesting facts about this animal are that the eagle lives 70 years, it eats fish, little mammals and carrion, the eagle weighs 5 pounds.

I chose this animal because it is exotic and interesting. Also because it is a very intelligent animal.

My animal's habitat is the forest

Here is a picture of my animal

# See You Again

( )Oh, I'll tell you all about it when I see you again  
( )And I'll tell you all about it when I see you again  
( )When I see you again  
( )It's been a long day without you, my friend  
( )We've come a long way from where we began

Damn, who knew?  
All the planes we flew  
Good things we've been through  
That I'll be standing right here talking to you  
About another path  
I know we loved to hit the road and laugh  
But something told me that it wouldn't last  
Had to switch up  
Look at things different see the bigger picture  
Those were the days  
Hard work forever pays  
Now I see you in a better place

( )And now you gonna be with me for the last ride  
( )Everything I went through you were standing there by my side  
( )How could we not talk about family when family's all that we got?  
( )And now you gonna be with me for the last ride

( )And I'll tell you all about it when I see you again  
( )It's been a long day without you, my friend  
( )We've come a long way from where we began  
( )When I see you again  
( )Oh, I'll tell you all about it when I see you again

First you both go out your way  
And the vibe is feeling strong  
And what's small turn to a friendship  
A friendship turn into a bond  
And that bond will never be broken  
And the love will never get lost  
And when brotherhood come first  
Then the line will never be crossed  
Established it on our own  
When that line had to be drawn  
And that line is what we reach  
So remember me when I'm gone

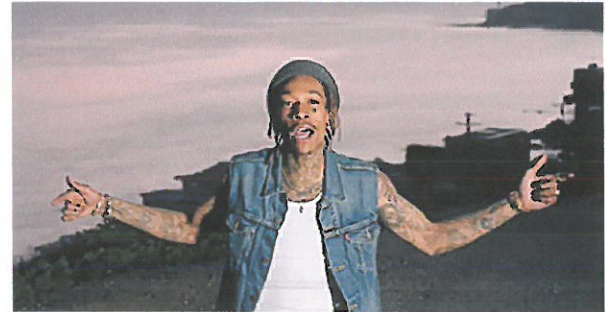

( ) And now you gonna be with me for the last ride  
( ) Everything I went through you were standing there by my side  
( ) How could we not talk about family when family's all that we got?

( ) And every road you take will always lead you home, home  
( ) Hold every memory as you go  
( ) So let the light guide your way, yeah

It's been a long day without you, my friend  
And I'll tell you all about it when I see you again  
We've come a long way from where we began  
Oh, I'll tell you all about it when I see you again

## LATEST NEWS:

The Spanish swimmer Mireia Belmonte said that "before the competition is health," and therefore because of his injured shoulder, will decide whether to go to the World Championships Kazan "a couple of days before going" although coach Fred Vergnoux, he has advised that "it is better not to compete", which would be "for good" thinking about the Olympic Games in Rio de Janeiro 2016. I have to see a doctor yet, and that will help me little to make the decision.
