18

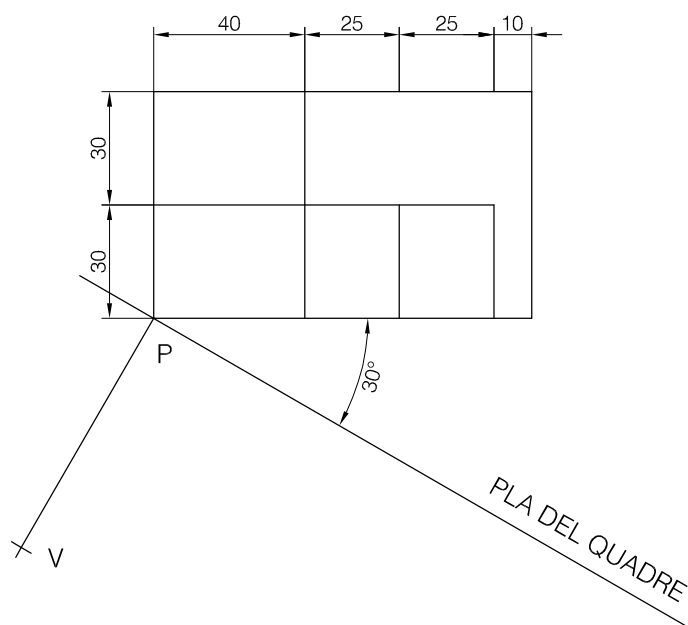

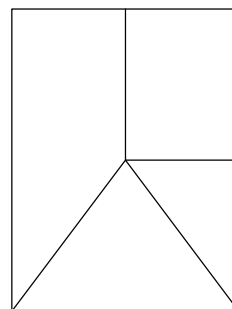

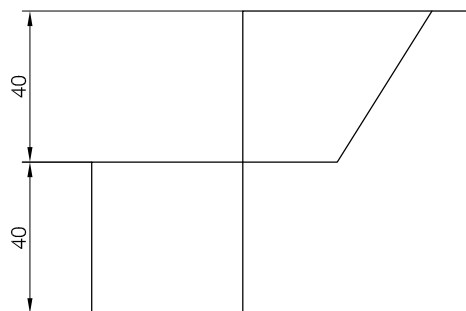

NOM

DATA

NOTA

- Dades geomètriques per a la realització de l'exercici:
1. Làmina en posició horitzontal.
 2. Situa la línia de l'horitzó a 80 mm de la vora superior de la làmina.
 3. Situa el punt P a 180 mm de la vora esquerra de la làmina.

- Dades geomètriques per a la realització de l'exercici:
1. Làmina en posició horitzontal.
 2. Situa la línia de l'horitzó a 60 mm de la vora superior de la làmina.
 3. Situa el punt P a 73 mm de la vora dreta de la làmina.

Dades geomètriques per a la realització de l'exercici:

1. Làmina en posició horitzontal.
2. Situa la línia de l'horitzó a 25 mm de la vora superior de la làmina.
3. Situa el punt P a 140 mm de la vora dreta de la làmina.
