

Què és el coronavirus

El coronavirus és un virus contagiós

També s'anomena COVID-19

El coronavirus provoca una malaltia

Simptomes del Coronavirus

Els símptomes més important són:

Tos

Febre

Fatiga

Síntomes del Coronavirus

Algunes persones també poden sentir:

Mal de cap

Mal de coll

Malestar

Congestió

Què podem fer per no contagiar-nos:

Esternudar al colze

NO TOCAR

Ulls

Nas

Boca

Rentar-nos les mans

Fer servir sabó

**Fer servir mocadors
d'un sol ús**

El Coronavirus és una pandèmia

Això significa que es contagia

molt ràpid

Per protegir-nos

l'escola

tancarà durant

uns dies

És un moment d'alerta i complir les normes

és important

La norma

més important

és quedar-se a casa

A CASA PUC

Si hem d'anar al carrer

recorda...

AL CARRER PUC...

AL CARRER NO PUC...

ANAR AL CAMP

ANAR AL PARC

ANAR DE LA MÀ DELS PARES

ESTAR AMB MOLTA GENT

FER UN PASSEIG

TOCAR OBJECTES DEL CARRER

El personal sanitari

Està treballant

molt

per curar

les persones

amb coronavirus.

PROVES MÈDIQUES PER CORONAVIRUS

Quan ens avisin

que el coronavirus

hagi desaparegut

podrem tornar

a l'escola.
