

# General Prim School (Reus)

- We are proudly presenting our students:

- Marc N. R.  
- Safae B.

# Our objective:

- We want to finish with World's poverty.

# Our solutions:

- Good morning everybody!
  - We're Safae and Marc. We go to General Prim School. Today we are going to talk about poverty in the World.
  - We think it is one of the most important problems to solve: about 85% of World's population lives with less than 30 diary dollars.

We've made brainstorming in class and we've got some solutions:

- To give food, medicines, clothes, footwear to local associations like Caritas, Red Cross.
- To collect money from our school's families (students, teachers, administrative workers, etc).

- To create legal corporations (fair wages, health services (hospitals, ambulances, medicines), safety services (police, help centers, firemans)
- To allow people to get a job.

Thank you for your attention, it's been a pleasure for us!
