

El Quinzet
Prova de rapidesa de càlcul mental
Educació Primària

Prova de rapidesa de càlcul d'El Quinzet

Normes per a la utilització de les sèries de rapidesa

- 1.- Cada alumne disposarà d'un full d'operacions (suma, resta, multiplicació o divisió)
- 2.- L'alumne intentarà de fer totes les operacions possibles en el temps de 2 minuts.
- 3.- No és podrà escriure cap anotació que no sigui el resultat. Qualsevol correcció s'efectuarà ratllant amb una creu allò que hom considera erroni.
- 4.- Qualsevol escrit, operació, etc., que no s'ajusti a les normes anteriors invalidarà l'exercici.
- 5.- Cal que les operacions es resolguin mentalment sense l'ajut de cap instrument o material.

Normes de correcció

- 1.- Cada operació ben contestada val un punt, seguint les normes d'invalidació d'exercicis.
- 2.- El professor/a recollirà els resultats de la prova també en un full normalitzat on es farà constar el nombre d'operacions fetes en dos minuts indicant quins d'aquests resultats el nombre de respostes fetes i el nombre de respostes equivocades.
