

MONKEYS

Monkeys are **interesting** animals. They have got hair on their body and they have got a **tail**. They have a face **similar to** human face.

They are **generally** vegetarian so they like fruits and vegetables. They like bananas very much. But they can eat **insects**, too.

They are **intelligent** animals. They can use **stones** and they can **peel** fruits. Scientists teach them human language and they can understand it but they can't speak it.

They are **social** animals. They have got **tribes**. They live in the **rainforest** and they sleep on the trees. They work **together** and they get their food. Sometimes, they work together and they **steal** their

food from humans! They are intelligent, funny and **amazing** animals. 😊
