

HaLIOWEen is COMiNG...

ArE YOU rEadY?????

From the English subject, We have organized a competition about halloween crafts in which the forth, fifth and sixth grade students will participate. So, it's time that you start to warm up your thinking heads and imagine that you would like to design.

The rules of the competition are as follows:

- You can make crafts individually, in pairs or up to three people.
- You can only use recycled or school material and reusable objects.
- Each group must give their creation terrifying names.

On November 2nd we will choose the best crafts and there will be malefic and mysterious surprises. The students will remain petrified!

Let's gooo!!!
