

Project: Making a parrot

Materials

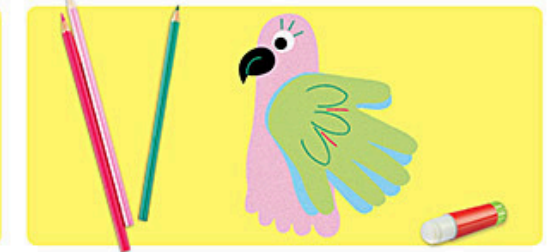

1 Trace your foot and your hand.

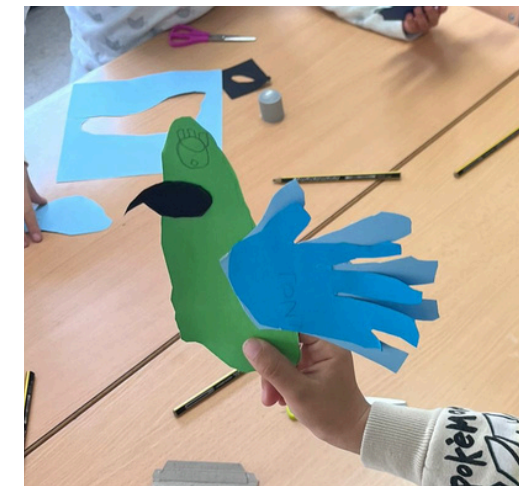

2 Cut out the shapes.

3 Add a beak shape and an eye.

4 Glue the hand shapes.

First-grade students made a parrot display. They learned about parrots and their bright colors. They used paper, crayons, and paint to make their parrots. They also used their hands and feet to make the shapes. It was fun and helped them be creative.

Is your parrot green?

Yes, it is green and blue.
