**Comparative adjectives**

- We use comparative adjectives when we compare animals, people and things.
- When an adjective has:
  - one syllable, we add -er e.g. tall → taller.
  - one vowel and one consonant at the end, we double the consonant e.g. big → bigger.
  - two syllables ending in y, we change the y to i e.g. heavy → heavier.
  - three or more syllables, we use more e.g. intelligent → more intelligent.
