

6th grade

Week from the 14th to the 17th of April

English:

Session 1:

- **Create a guessing game.** It is explained in Unit 4 of the Moodle.
- **Play this game** and practice the time:
<https://www.gamestolearnenglish.com/bubbles-english/>

Session 2:

- **Listen, read and answer** the questions at the end of the online book:
<https://agora.xtec.cat/escolacollserolacerdanyola/primary-6th/read-and-listen/>
- **Take this quiz** to find out how green you are. Write a comment saying how many correct answers you have.
<https://agora.xtec.cat/escolacollserolacerdanyola/primary-6th/earth-day-quiz/>

Science:

- **Record a video doing the experiment** that you have prepared with magnets. If you don't have the material required to record the video, send me the experiment written on a word document or a photo of the photocopy that I gave you with the experiment done. You can send the video or document to this email: collserolaangles6@gmail.com
