

6th GRADE ENGLISH

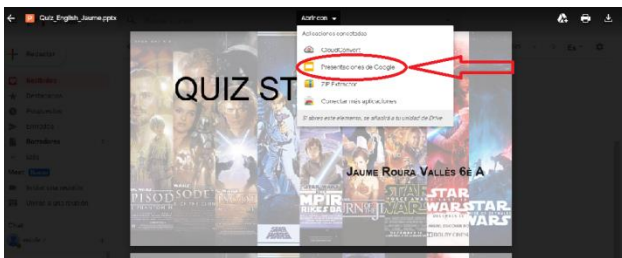

Week from the 1st to the 5th of June

Hello everybody!!! How are you doing? Are you happier now that you know that you will see some of your friends next week? I am looking forward to see you all in the school.

Come on, there will be only 2 more English activities before the course finishes, so, let's do them with a lot of energy!!!

Last week you created a quiz. You did such a good work, that I wanted to share the quizzes with you. This way, you will be able to take your partners' quizzes and learn a lot about many different things! I hope you enjoy them as much as I did!

Click on this photo and **take as many quizzes as you can!!!**

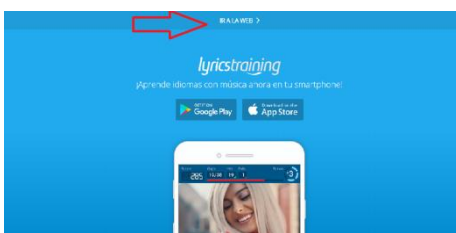

You don't need to download the power point. Just click on it, got to "Abrir con presentaciones de Google" and then click on "ver y iniciar presentación"

Send me an email and tell me what quizzes were your favorites.

The 2nd activity for this week is to **complete the song** that we chose to sing for the spring concert "Count on me"

Click on [lyricstraining](#) and follow these steps:

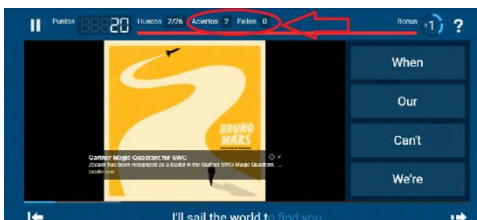

1. Click on "ir a la web"

2. Select the "modo principiante". You can do a most difficult level if you play a second time.

3. Click on "quizás en otro momento"

4. When you finish the song, write me an email saying how many right and how many wrong answers you've got.

I HOPE YOU ENJOY IT!!!
