DESCRIPTION of a PERSON

TASK: You have to **write** what HE OR SHE is **wearing**. You have to write it on a "**Canva poster**".

I have created 4 posters on the Canva app with the name of the groups. You have to write your description and upload your image on your group. Please**, write your name next to the image** so that I know which image you have described or send it to me on google classroom.

You can → describe a person wearing everyday clothes.

→ describe a person wearing a costume.

→ describe a famous person.

→ describe a person wearing profession clothes.

→ take a picture from the internet, make a drawing or dress up yourself.

→ …

→ make more than one description. (you can send them to your tutors or upload them on google classroom)

The aim of the activity is to create a matching game that we will include in the school magazine.

You can choose the background, colour, design… you prefer (together with your partners).

GROUPS:

Group 1: Sara, Gisel, Natàlia, Adrià, Aurelio, Ahmed.

Group 2: Paula, Alba, Bruna, Javi, Jesús, Marc.

Group 3: Aran, Joel, Abril, Martina, Mary

Group 4: Olau, Axel, Victor, Tània, Anna, Hawa.

It is a collaborative activity. I have created a very easy example. You can use it as a template, but please, the more adjectives you use and the more complements the person is wearing the better.

Do not worry about the team. It is just to put the descriptions together. You do not have to work together or get nervous if another person of the team hasn't done the description. Just do your part of the work.

Here I give you an example of a group of 3 people.

Group 13→ Lidia, Silvia and Sandra.

Lidia→ pirate description

Silvia→ builder description

Sandra→ girl description

It is not necessary that you write what you are describing; just upload the image and the description writing your name next to the image.
