

TASK:

Can you create your own monster?

You have to describe it.

You can do it: On a google document

On a word document

On a piece of paper and take a photo

...

You can upload it on the **Moodle platform**. If you have problems with it you can send it to your tutor.

IMPORTANT: upload the image you are describing so that we can see if it is correct.

If you can't create your monster you can take a picture from the internet or draw it yourself.

Remember → the more you adjectives and connectors you use to describe the monster the better.

At the end of the pdf you have a checklist to see if you have added all the aspects.

HERE YOU CAN SEE SOME EXAMPLES:

MONSTER DESCRIPTION

OPTION 1 → Use objects you have at home.

FLUFFY

My monster's name is Fluffy.

First of all, I have used a black blanket to create the body.

My monster has got two silver eyes done with two silver decorating balls.

Besides, It has got a red round nose. I have used the top of the nocilla glass to do it.

It has got a smiley mouth. The mouth is done with seven coffee capsules!

Moreover, I have used two potatoes as the ears.

To make the two short arms I have use two small bottles of water, and I have also put three felt tip pens in each hand as fingers.

The legs are two packets of biscuits, and the feet are two photo frames.

I hope you like my monster!
