

Dear students!

In your **Classroom** (English 5th) you have two activities to do.

The first one is the video of the **Young detectives story**, you have to watch or read the story and answer the questions.

The video is in Tauler d'activitat (if you can not see it you have to download), then you go to Treball de classe and you can answer the questions.

The second activity is a video of **Prehistory**. Watch the video and answer the questions.

If you have any doubt you can ask me using Classroom.
See you soon!

Tat
