

A 543 li hem de restar 286.  
 La xifra de dalt és la quantitat que tenim.  
 La xifra de baix és la que perdem (restem, agafem...)

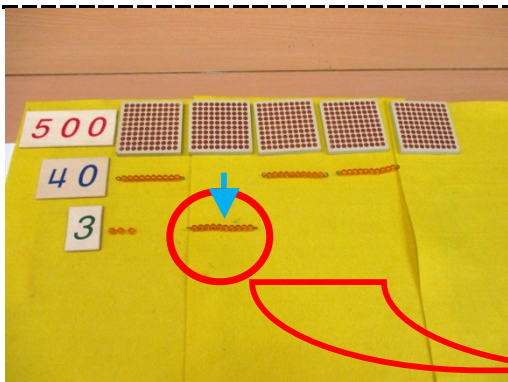

1.- Descomponem .  
 Agafem els nombres de la xifra de dalt.

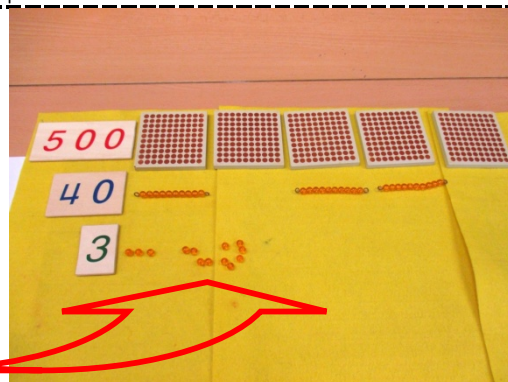

2.- Ara agafem el material corresponent de les **Unitats**, **Desenes** i **Centenes**.

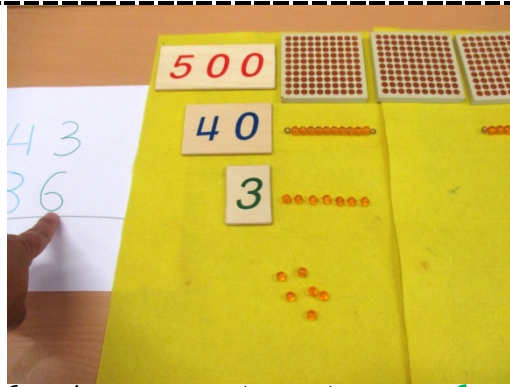

3.- A **3 Unitats** n'hi hem de treure 6, ...UPS!... No es pot!!!!

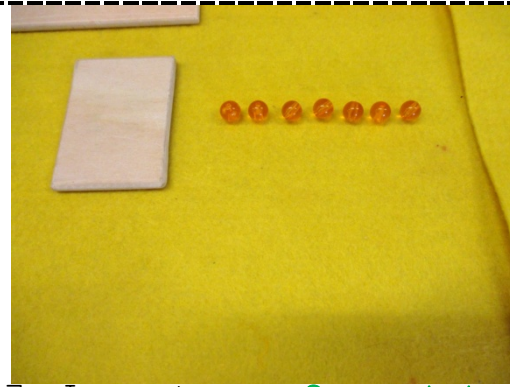

4.- Demanem ajuda a les **Desenes**.  
 Les Desenes li deixen una Desena a les **Unitats**.

5.- Desfem la **Desena** i la convertim en **10 Unitats**.

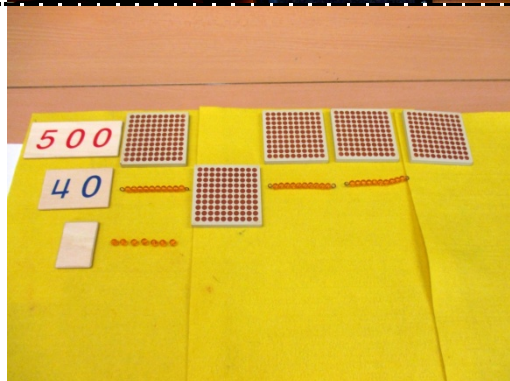

6.- Ara ja podem treure 6 Unitats.

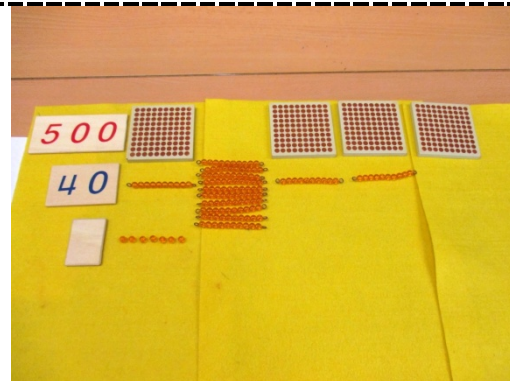

7.- Ja no tenim 3 unitats, ens en queden 7.

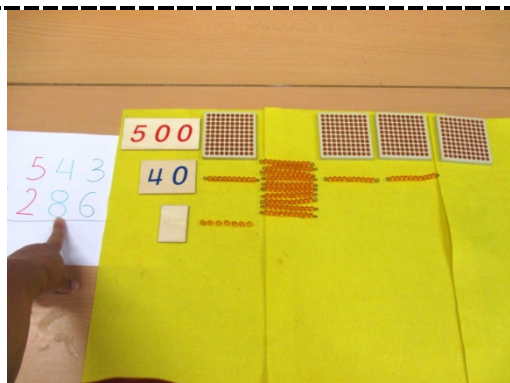

8.- A 3 Desenes ( abans eren 4 ) n'hi hem de treure 8, ...UPS!... No es pot!!!!

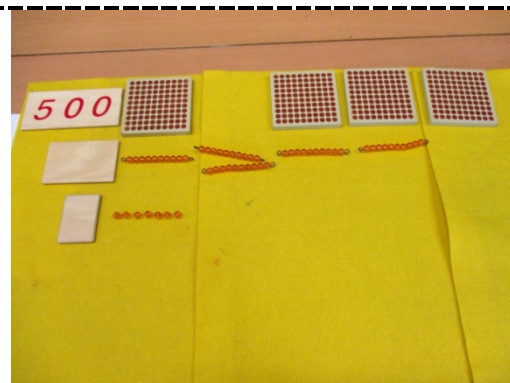

9.- Demanem ajuda a les Centenes.  
Les Centenes li deixen una Centena a les Desenes.

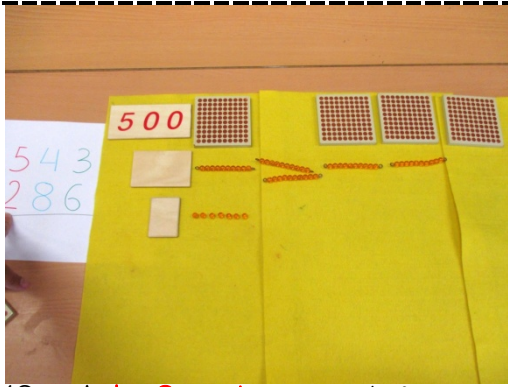

10.- Desfem la Centena i la convertim en 10 Desenes.

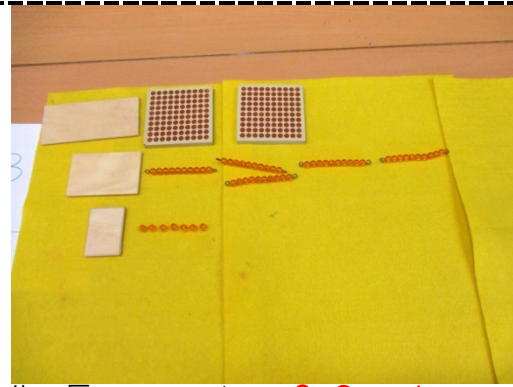

11.- Ara ja podem treure 8

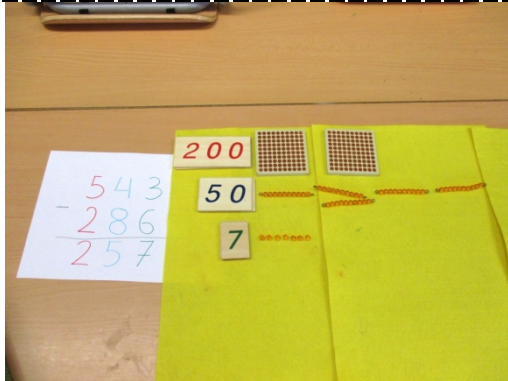

12.- Ja no tenim 4 Desenes, ens en queden 5.

13.- A **4 Centenes** (abans eren **5**) n'hi hem de treure **2**.

14.- Ens queden **2 Centenes**.

15.- Ja podem escriure el resultat.
