

# PLURILINGUAL SCHOOL

To support the Plurilingual School project, our teachers have organised a *Languages Week* at school. We have learnt a lot about different

countries and cultures in the world. The youngest pupils danced on music from around the world and watched some beautiful paintings from other countries in art class. We talked about emotions and we cooked Italian food at school.

The 6<sup>th</sup> grade children came to our classrooms to tell us stories from different places. We enjoyed it a lot! They did the storytelling with 1st, 2nd and 3rd grade kids, too.

Some parents came to school to talk about their countries: Morocco, Romania, Moldavia... and we had special guests who talked about Australia, Chile, Germany, and Holland... We really loved it! Thank you!

At school we speak Catalan, Spanish and English, but during this week we had the opportunity to see Arabic writing, draw Chinese characters, and learn a little bit of French, Dutch and German. These are difficult languages but it was fun!

In the hall of the school you can see a poster about games of the world and some pagodas that we made in Religion class. The oldest kids in the school worked on Japanese poems and we made a special class about Van Gogh and his sunflowers.

On Friday all the children had the opportunity to travel around the world. The teachers gave us a passport and we played and made typical arts and crafts from the six continents.

The 6<sup>th</sup> grade kids helped us and we had a very nice time. It has been a wonderful week!

We love our Plurilingual School !
