“BAD HABITS” by Ed Sheeran

Every time you come around, you know I can't say no

Every time the _____ goes down, I let you take control

I can feel the _____ before my world implodes

And tonight had something _____

(Chorus)

My bad habits lead to late _____, endin' alone

_____ with a _____ I barely know

Swearin' this will be the last, but it probably won't

I got nothin' left to lose, or use, or do

My bad _____ lead to wide eyes stare into space

And I know I'll lose _____ of the things that I say

Yeah, I was lookin' for a way out, now I _____ escape

Nothin' happens after two, it's true, it's true

My bad habits lead to you

Ooh-ooh, ooh-ooh

My _____ habits lead to you

Ooh-ooh, ooh-ooh

My bad habits lead to you

Every pure intention ends when the _____ times start

Fallin' over everything to reach the first time's spark

It started under neon lights and then it all got dark

I only know how to go too far

(Chorus)

We took the long way 'round

Burned 'til the fun ran out, now

(Chorus)

FACT FILE: Computers

FUN FACTS:

- More than 3 billion people use the internet!
- More than 200 billion emails are sent every day!
- The first computer mouse was made of wood!

Computers can do lots of jobs. They can do maths, store information, or play music. You can use a computer to write or to play games. What do you know about the history of computers?

The first computers were very big. They were the size of a room! They were so big that people didn't have them at home. Early computers could also only do simple maths, like a calculator. In the 1930s Alan Turing had the idea for a computer you could program to do different things.

In 1958 Jack Kilby invented the microchip. Microchips are tiny but can store lots of information. They helped make computers smaller. In the 1970s computers were smaller and cheaper so people started to use them at home. In the 1980s computer games were very popular. Lots of people bought computers just to play games.

In 1989 Tim Berners-Lee invented the World Wide Web, which is a way to organise information on the internet. Now people all over the world can look for and share information on websites.

Today people can use smartphones to play games, email and go on the internet. In the past a simple computer was the size of a room. Now it can go in your pocket!

WRITING

This summer you are going to Australia. There you will live with a family and Tina sent you this message.

Hi,

My name is Tina and I'm 13 years old. I am very happy you are going to stay with us in Australia. Paula is my mum and Tom my dad. Do you like water skiing? What do you like doing in your free time? Do you like nature? I love riding my bike and taking my dog out for a long walk. Have you got any pets? We are going to have a great time together.

Tell me about you.

Hugs,

Tina.

Write back to Tina and tell her about you. Finish your composition by asking her something you would like to know about them. Write between 40 and 50 words.

WRITING - 6th Primary

- Read the blog post. Bianca explains what she does every day.

Bianca

Hello! My name is Bianca. I am nine years old. I get up at seven thirty in the morning and take a shower. I eat breakfast at eight o'clock. I walk to school with my mother. I start school at eight thirty in the morning. I have many friends at school but my best friends are Lerna, Rena and Talia. We eat lunch together at school at a quarter to twelve and at quarter past twelve we play volleyball together and have so much fun.

After school, I do my homework and watch my favorite cartoon show. I eat dinner with my parents at quarter to six in the afternoon. After we eat dinner together, my parents and I watch a movie and eat popcorn. I go to bed at nine o'clock.
