Presentation

The Esteve Terradas i Illa Institute is a Secondary School with a long tradition in Vocational Educational Training

Located in the center of Cornellà de Llobregat (Baix Llobregat), very close to Barcelona, it has a privileged location for good communication thanks to the metro, Renfe, buses and Ferrocarrils de la Generalitat.

The Institute started its activity in 1975 and, since then, it has made an effort for continuous improvement in terms of quality according to the different aspects involved in the learning process. The institute is certified with ISO 9001 (quality management) and ISO 45001 (risk prevention). Every year there are about 500 students doing in-company internships and DUAL Training. We also provide different services to companies and people throughout their professional life

Regulated training

Our training offer includes 5 professional families

Most of the courses we teach are in DUAL training modality with a close collaboration with companies

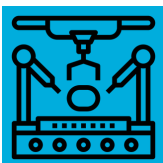

COMPUTING AND COMMUNICATIONS

Intermediate Level VET Cycle - Microcomputer Systems and Networks
Higher Level VET Cycle - Web Application Development
Higher Level VET Cycle - Multiplatform Application Development

Higher Level VET Cycle – Water Management

PFI - TRAINING AND INSERTION PROGRAM

Gardening assistant
Assistant in the assembly of electrical and water and gas installations

All studies have a period of in-company internships, which can be in TWC or DUAL Training with a collaboration agreement with companies.

Occupational and continuous training

Occupational training

Theoretical-practical training programs aimed at improving professional qualifications and / or increasing employability.

Vocational Educational Training courses for employment are theoretical-practical training programs that aim to improve professional qualifications and / or the ability to find employment through the achievement and improvement of the professional skills. They are aimed at unemployed workers.

Continuous training

Continuous education aims to improve workers' professional qualifications in order to adapt their profiles to business needs.

Continuous education aims to improve workers' professional qualifications in order to adapt their profiles to business needs. It is aimed mainly at active workers, although it also allows access to unemployed people.

Advisory service, recognition and accreditation of skills

It is aimed at people who want to have an academic recognition or accreditation of the knowledge acquired with work experience or in social activities.

The advisory service consists of the identification and detailed analysis of professional skills and expectations, and the identification and evaluation of educational offers. It concludes with the advisory report.

The service for the recognition of learning achieved through work experience or through social activities is aimed at people with work experience or experience in social activities who look for an academic recognition of the knowledge acquired related to a particular VET cycle.

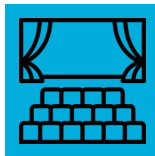

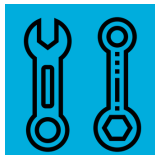

assessorament@iesesteveterradas.cat

Space rental

We share spaces: Laboratory, workshop, classrooms equipped with computers, projector, Wi-Fi, different capacities.

Important note: Technical classrooms need preparation, so the rental agreement must be formalized at least 15 days in advance.

Type of space	Capacity and resources	
Auditorium	Capacity for 120 people	
Theory classroom	With projector, digital whiteboard, Wi-Fi	
Technical classroom	Laboratory, workshop, classroom equipped with computers	

Job offers and services

We have a job bank to promote job offers as well as other services

There are two boards to disseminate the offers of companies:

- EmpleaFP platform, collaboration between FPempresa and DUALIZA Bankia. Multicenters-board.
- The Institute's own job bank has a database of all qualified students.

OTHER SERVICES

- **Innovation and knowledge transfer:** Program of the General Directorate of Vocational Educational Training and Special Regime Education that promotes the collaboration of companies and vocational training centers to work on innovation and knowledge transfer projects.
- **Entrepreneurship:** A program that promotes entrepreneurship and its values in Vocational Educational Training schools throughout Catalonia. The aim is to create entrepreneurial projects.
- **International relations:** A program that focuses on international activities (for both students and teachers) with the aim of improving the quality of our teaching and language skills.
- **Cafeteria and restaurant:** Esteve Terradas i Illa has a cafeteria-canteen service where students can buy breakfast or lunch. Opening hours:
 - Monday, Tuesday, Thursday and Friday 7:30h - 14:00h and 15:00h - 18:30h.
 - Wednesday 7:30h - 18:30h.
