

CHRISTMAS CAROL

Christmas, Christmas, I can feel you around

The shiny lights of Reus are on for everyone
People are in The Mercadal prancing and dancing
I am happy, I can see the presents are coming

Santa, Santa, I want you to stay til the end.
I want to feel again the Christmas illusion.

Christmas, Christmas, I can feel you close.

I hope Santa Claus brings good luck to us.
This Christmas I want it with good vibes
and I hope this year it's not a game over.
I look forward to the 25th to be with my friends.

Santa, Santa, I want you to stay til the end.
I want to feel again the Christmas illusion.

Christmas, Christmas, I give you my heart.
I know this year has not been the best,
but after difficulty always comes happiness.

Santa, Santa, I want you to stay til the end.
I want to feel again the Christmas illusion.

We just hope for a good GOOD new year,
and Merry Christmas to everyone!
