

Christmas Day

Today is Christmas day

And snow covers every inch of the city like every year.

Through the window, many things to see

Children playing together like a sweet family.

I've been waiting one year for this to come

Presents like moments spent with the ones that I love

Christmas spirit has also come to home

Candy canes, mistletoes, ribbons and lights all over the walls

Enjoy this Christmas (baby oh oh)

This happy moments (ooh oh ooh)

Be grateful darling (baby oh oh)

It's time for Christmas

Through the distance and through the woods

A white and pure landscape involves both of us

Building new memories that will remain

Like you and me playing all over the day

Familiar sounds from far away

Reaching our ears and making us sing them again

Carols of kindness are filling up the house

And all of them seem to say throw all your worries away

Enjoy this Christmas (baby oh oh)

This happy moments (ooh oh ooh)

Be grateful darling (baby oh oh)

It's time for Christmas

Enjoy this Christmas (baby oh oh)

This happy moments (ooh oh ooh)

Be grateful darling (baby oh oh)

It's time for Christmas
