

# American nightmare

White supremacists  
Denying an "inclusive" country  
to me, that is not a dream  
It's my worst nightmare

I worked extremely hard  
For every penny I have  
Says the one who was born  
In a rich family and a house of gold

In Northamerican land  
A man with a slave's surname  
Is a synonym of a criminal  
And should therefore be dead

Old and senile men  
Are in charge of a world power  
It's not difficult to understand  
Why people are dying
