

Spring

In the month of April
everybody is happy

the people are together
because the weather is better

the boys and girls are waiting
for the holidays

the scarf is on the cupboard
and t-shirts are on board

there are new fruits
on the trees

the snow is smelting
and the rivers are increasing

the flowers are beautiful
and perfume our fields
the animals come out
of their hiding places

goodbye snow
the flowers grow

the pants and bees
live in a trees

goodbye snow
hello spring!
