READING

SHE WAS SURPRISED!

When I was on holiday in London five years ago. I had a funny experience.

Everyday, I took the Underground. It was the quickest way to travel around the city. On the train, people didn't talk. They read, listened to music or were asleep. But one day, a young man stood up and said, "I'm Tom. It's my friend Carole's birthday today and I want to hold a party for her". He gave us balloons and party hats!

At first, people were nervous. Then they became more relaxed. For the first time , passengers

laughed during their journey to work! At the next station, Carole got on the train. We all clapped and sang "Happy Birthday". She was very surprised!

Later, we read about the event in the newspaper. It wasn't really Carole's birthday. She and Tom just wanted to make people happy. And they did!
