

Job Description

ADmit Therapeutics S.L. is a biotechnological company that has developed and validated a novel technology for the prognosing of Alzheimer's disease dementia in blood samples using Next Generation Sequencing (NGS) techniques. The company is certified with ISO 13485 and the laboratory accredited by the College of American Pathologies (CAP).

We are seeking for a **Lab Technician** for our laboratory department (Bachelor's degree in related scientific, biological, or life science field or FP11). The candidate will be under the supervision of the Laboratory Director. The applicant will be responsible for the handling of blood samples, NGS library preparation, data registration, and lab equipment maintenance, all under the scope of the company's Quality Management System.

Main Duties

The main responsibilities of the position include:

- Receiving, labeling, and storing samples and raw materials.
- Execute laboratory testing according to defined procedures.
- Recording tests and then reporting the results.
- Organizing and storing samples in accordance with all safety and other requirements to ensure the safety of personnel and the integrity of the sample.
- Cleaning and maintaining lab equipment, including recalibration of equipment.
- Maintaining equipment records and daily work logs.
- Creation and/or revision of the documents related to the laboratory activities.

Desired Skills and Expertise

- A minimum experience of about 2-3 years as a laboratory technician or relevant position in molecular biology or NGS laboratory.
- Experience in Biotechs/startups or Genomic core facilities.
- Experience in NGS protocols.
- Experience in biological sample handling.
- Experience in electronic laboratory notebook or similar systems.
- Good English level.
- The successful candidate is expected to have high planning and scheduling skills, the ability to work under tight deadlines, to be collaborative and motivated.

Contract Duration and Other Benefits

- Full-time position
- The Gross annual salary will be commensurate to the candidate's expertise and qualifications.

Required Information and Contact

All applications must include:

1. A motivation letter addressed to Dr. Marta Barrachina
2. A complete CV including contact details
3. Contact details of 2-3 references

All candidates must be addressed to: info@admit-therapeutics.com

Please include "Lab technician position" in the subject of your email.
