# FOOD SECURE

We surveyed some people of our high school, some friends and family. A total of 43 people

## WHICH FOOD SECURITY ISSUE IS MOST IMPORTANT TO OUR COMMUNITY?

After the survey...

WE DISCOVERED that the issue people is more worried about is the amount of plastic we use for packaging.

WE WERE SURPRISED about not being the waste of water the most chosen option.

WE LEARNED that people is aware about the food security issues in our community.

## WHICH OTHER FOOD SECURITY ISSUES ARE YOU WORRIED ABOUT?

- 23 people add other issues
- We eat too much meat
  - We are not well informed about the food we eat
  - Low farmers' salaries
  - Prioritize foreign food instead of local food

## WHICH OF THE FOLLOWING ACTIONS WOULD YOU TAKE TO IMPROVE FOOD SECURITY ISSUES IN YOUR COMMUNITY?

After asking people this question...

WE DISCOVERED that people have similar opinions about it as the most voted answer is to buy local and sustainable products and the second one is to use eco-friendly materials. that means that people think that they can have a big role in this issue.

WE WERE SURPRISED that the less voted option is the one that says to write to city leaders as it could be a good option for us.

WE LEARNED that people is conscious about the need of acting towards the food security issues.

## OUR RECOMMENDATIONS

Our community proposes the following actions

- ★ Promote urban gardens for personal use
- ★ Use paper bags and lunchboxes when you go shopping.
- ★ Avoid building up products that are close to the expiry date
- ★ Promote vegetables consumption and decrease meat consumption + foster its quality
- ★ Reduce Greenhouse Gases
- ★ Offer shops the opportunity to donate or sell in a lower price the products that are close to the expiry date
- ★ Create a network that teaches to avoid food waste
