

Hi everyone,

We are Jordi, Iván and Hugo, three students of Acondicionamiento Físico that are taking part of the Erasmus project.

We are staying in Coimbra, Portugal for over 4 weeks. At the moment we are going to the gym to do or see different activities, it depends if the activity is full or has free places. Regarding the language,

Portuguese is not difficult to understand, if people speak it slowly.

So we communicate more or less using a language that they call “portiñol”.

Also, we spend weekends doing tourism, we have visited Coimbra and Lisbon, and we are already planning trips to Porto and Aveiro.

To sum up, we are enjoying this Erasmus experience. Thank you for this opportunity.

Bye bye.

Jordi
