

Summer Homework Instructions - English 3rd ESO Course

Dear Students,

To help you stay on track and prepare for next year, your summer homework is to complete all missed assignments from the school year. This includes:

What You Must Complete:

- Any incomplete or skipped assignments from:
 - The Introduction Unit
 - Units 1 through 6

Extra Credit Opportunity:

- You may also complete Units 7 and 8 for extra credit.

Workbook Requirements:

- Complete at least 90% of the tasks in your Workbook
- Achieve a minimum 90% success rate
- You may use your Virtual Workbook to demonstrate your progress and to check your answers
- You can fail tasks as many times as necessary—only the final answer counts, so there is no penalty for mistakes
- Sometimes the system may mark an answer wrong due to small issues like capitalization or punctuation, so be careful when submitting answers
- If you don't have access to the Virtual Workbook due to lost passwords or other issues, you may use your paper workbook instead

Important Note:

- Students who failed the course must show proof of completing this assignment to their English teacher next school year.

Please use this summer as an opportunity to catch up, improve your skills, and start next year strong
