

THE YELL OF TERROR

If I close my eyes, I can hear the sound

Do you listen?

Lots of voices shouting, discussing;

They are only disturbing.

Far from them it is the sound,

The important one,

Whistles, breaths, footprints.

They are still alive.

I beg you, stop, just a moment.

Be quiet. Please try.

Yes, that is. Right now!

Do you hear?

It's the yell of the terror.

And it's just in front of us.
