

## Summer work 3rd of ESO 24-25

Hello everybody!

High school has finished and it is time to enjoy our well deserved summer holidays! Despite that, as you know, it would be great if you spend a tiny piece of your time doing some summer work so as not to be disconnected from the English language the whole summer.

The English Department of our High School has prepared a series of different activities in a specific classroom course called SummerWork 3rd of ESO so you can practice a little bit.

- If your mark is **NA** (no assolit) you have to complete the **grammar capsule** and **one exercise from each of the other capsules** (reading, speaking, listening and writing). You have two months, you will have plenty of time to do it. **It is COMPULSORY!!!**
- If your mark is an **AS**, we highly recommend you to do the **grammar & vocabulary capsule and one exercise from each of the other capsules** (reading, speaking, listening and writing). You have two months, you will have plenty of time to do it.
- If your mark is an **AN** or **AE**, choose any of the proposals. The more, the merrier!

**If you deliver summer homework (in good conditions and well done) your 1st term mark of 4th of ESO can be improved.**

**Be creative, imaginative and use digital tools if you want to!**

How to deliver summer homework:

- You can print the different exercises and then give them to your 4th of ESO\* English teacher in the first week of September.
- You can submit the different exercises to the classroom
- You can create a digital Document (shared with your English teacher) in which you can add all the activities you have done.

(\*If you don't know who your 4th of ESO English teacher is going to be, don't panic, you will know the first day of class, so you can share or send the document).

\*\*\*\*\*  
\*\*\*\*\*

*Hola a tothom!*

*El curs ha acabat i és hora de gaudir de les merescudes vacances. Tot i això, com sabeu, seria genial que poguéssiu dedicar una estoneta del vostre temps a fer algunes tasques per tal que no desconnecteu de l'anglès al 100%.*

*El Departament d'Anglès de l'Institut ha preparat una serie de diferents activitats per a que pogueu practicar una mica.*

- Si la teva nota és un **NA** (no assolit) has de fer el Grammar & Vocabulary capsule i un exercici de cadascuna de les altres capsules (reading capsule, speaking capsule, listening capsule i writing capsule). Teniu dos mesos, per tant teniu molt de temps per a poder-ho fer. **Penseu que al tenir un NA, és OBLIGATORI!!**
- Si la teva nota és un **AS**, et recomanem que facis la Grammar & Vocabulary Capsule i un exercici de cadascuna de les altres capsules (reading capsule, speaking capsule, listening capsule i writing capsule). Teniu dos mesos, per tant teniu molt de temps per a poder-ho fer.
- Si la teva nota és un **AN** o un **AE**, escull qualsevol de les propostes de les diferents càpsules i gaudeix!! Com més facis, millor!

Si entregues els deures d'estiu (ben fets i en bones condicions) , la teva nota del 1r trimestre de 4t serà millorada.

***Sigues creatiu/creativa, imaginatiu/va i fes servir qualsevol dels recursos digitals que coneixes.***  
Com entregar les tasques?

- Pots imprimir els diferents exercicis i entregar-los a la teva professora de 4t d'ESO\* durant la primera setmana de curs.
- Pots entregar els diferents exercicis pel Classroom dels deures d'estiu.
- Pots crear un document digital (compartit amb la teva professora d'anglès) on puguis anar afegint totes les activitats que vas fent.

(\*si no saps qui serà la teva professora d'anglès, no t'estressis!! El primer dia de curs ho sabràs i per tant ho podràs entregar).
