--	---

D) BACKGROUND & EXPERIENCES

ABOUT INS TORRE DE MALLA

The institute is located in Parets del Vallès, approximately 25 km from Barcelona. The municipality is surrounded by numerous companies from various sectors that host our students for internships and with which we regularly collaborate on other educational projects.

We offer the following fields (**VET and Higher Education**):

- Higher Technician in Administration and Finance (Higher Education)
- Technician in Administrative Management (VET)
- Technician in Commercial Activities (VET)
- Technician in Microcomputer Systems and Networks (VET)

Our center also offers Compulsory Secondary Education and Baccalaureate of science, humanities and social studies (**Erasmus Scholar**).

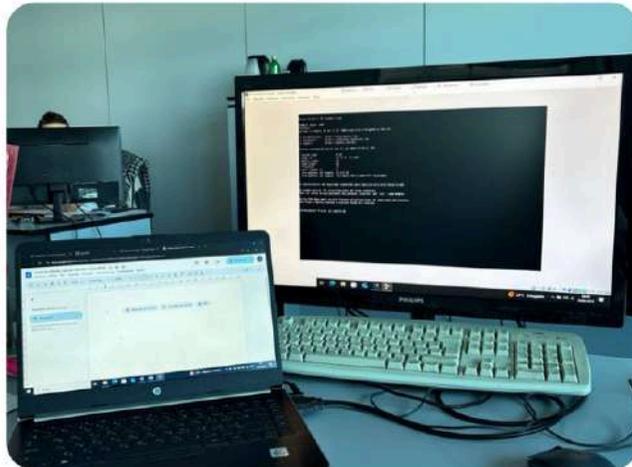

OUR EXPERIENCE

Our educational institution has over 3 years of experience in international mobility programs, with a strong emphasis on internship placements within private companies and public institutions. Our main objective is to create a network of educational centers with which to establish a consolidated collaborative relationship with a long-term vision.

We are responsible for organizing company internships for the foreign students we host. We are also willing to participate in job shadowing projects, hosting teachers from other countries, as well as taking part in school exchange programs (scholarships for students).
